

## VP- Series

Portable MPI Power Source for  
Prod and CableWrap method

**Range:** 1500Amps - 3000Amps

Zchem

### Technical Specification:

- Line Input 415 Volts, 50Hz, 3Phase.
- Thyristorized, infinitely variable current control.
- 'F' class insulation.
- Digital Ammeter for current indication.
- Provision for Quick Changing over of Cables from AC to DC.
- Safety Interlocking limit switch for AC/DC.
